

Fran Wood, Family Support Outreach Worker

Hello, My role is funded by Children in Need, I am working on a 1:1 basis with Children under three and their families in their home and the community, supporting parents with their child's development.

When I receive a call from a family, I will contact you to arrange an initial visit to meet. At this visit we will discuss the areas of support that are needed for your child. I will then devise an action plan, we will work together to aid the child's development through play activities, interactions and role modelling.

At the end of the our planned time together we will discuss your child's progress and decide if further visits are appropriate or whether you and your child would benefit from more specialist support services

You can call me or speak to your health visitor for more information.
